

'A Voyage Along the Canal'

Dear Parents and Families,

Please help your children to design a model craft that could travel along the Grand Union Canal to the site of a permanent Children's Sculpture Garden at Bixley Fields.

Ideas can be submitted as drawings or small models, made from anything you have around the house.

Together with the children, we will choose the best ideas / designs & build full sized versions to be installed as a celebration of your collaborative creativity at the site this Summer.

Deadline for designs / models **Wednesday 19^h April 2017**
