

# 30 hours of FREE childcare

## Give us your opinion

From September 2017, eligible parents will be able to get an additional 15 hours of **free** childcare either at a nursery or with a childminder bringing the total number of hours to **30** a week for children aged three and four years.

If you have a child aged three or four years, or a two-year-old who will be three in 2017, ***we want to hear from you!***

- Completing the survey will help us understand what parents really want so that we plan appropriate childcare provision suitable to your needs.
- The kind of questions you will be asked are: What childcare do you use now? What hours work best for you? Would having your child in nursery for a longer day help you?
- All of your answers will be kept confidential and parents/carers/children will not be identified in anyway in the information collected and used.
