

The SOUTHALL ORCHARD Project

Southall Transition

WHAT

The Southall Orchard Project is a community led initiative aimed at planting orchards and fruiting hedges throughout Southall. The goal is to have at least five orchards in place by 2020. The first community orchard was planted between December 2015 and March 2016 at Southall Park.

WHY

- *To create more foraging opportunities for people.*
- *To make fresh food more accessible to the whole community.*
- *To improve the health of people in Southall.*
- *To help combat pollution and improve air quality.*
- *To help children reconnect with their food.*

WHEN

The next planting day coincides with 'Great British Spring Clean' week and will take place on:

Saturday 4th March 2017 at 10am

WHERE

The next community orchard will be planted at:

Southall Recreation Ground.

Access from Recreation Rd, The Common, Tachbrook Rd and Florence Rd UB2
