

Curriculum News – Over Three's Week beginning 13th November 2017

This week we have been.....

- Counting using natural objects and matching numerals.
- Developing our mud kitchen.

Next week we will be

- Continuing to develop our counting skills while baking cheese straws.
- Developing our technology skills by learning to use the digital cameras.
- Developing our language whilst creating a large habitat scene for animals.

You can help your child by

- Counting everyday objects or actions together with your child, for example, how many steps from the park to nursery or how many plates you need at dinner time.
- Reading with your child everyday.
- Talking about the animals you see while you are out, for example, birds, dogs, cats, squirrels.

Follow the link below to watch our rhyme of the week together with your child.

'1,2,3,4,5 Once I caught a fish alive'.
